

Rubber Products for the **Construction** and **Infrastructure** Sectors - Opportunities & Challenges

25 October 2017

10am to 2pm

MREPC Seminar Hall, Unit 36-01, Level 36,
West Wing, Q Sentral, 2A, J. Stesen Sentral 2,
KL Sentral, 50470 Kuala Lumpur

OBJECTIVE

Provide Malaysian exporters with insights into the market of rubber products for the construction and infrastructure sectors in Indonesia and India, highlighting the market entry requirements, procurement policies, supply channels, key stakeholders and market outlook of rubber products for the construction industry in both countries.

INVITED SPEAKER

Ir Dr Zuhairi Abdul Hamid,
Executive Director of
Construction Research Institute
of Malaysia (CREAM) will share
his knowledge and experience

on potentials and engineering requirements for rubber components in the construction industry in Malaysia.

The briefing will benefit the decision makers, marketing managers and strategists, production and export managers and other related personnel of the rubber product exporters, manufacturers and traders.
